Dear Sir, came to know from Charnock hospital that they do not have slot till 31st July for Orthopedic opd....also they were saying that they have some problem with the government portal, from where they fetch patients data....

To me it felt as if they are intentionally trying to avoid ECHS patients....
This is for feedback pls....

Our status is available. I don't know, what is our status !

If this is the scenario then it's a situation to be worried about. Next is there a contact number available of the designated employee of the hospital to handle echs patients, if not a concern.

I'd request the I/C to please guide us where to raise the complaint .
